Stacking Wooden Pair Of Single Bed Frames

Assembly instructions for Stacking Wooden Pair Of Single Bed Frames by Time4Sleep.

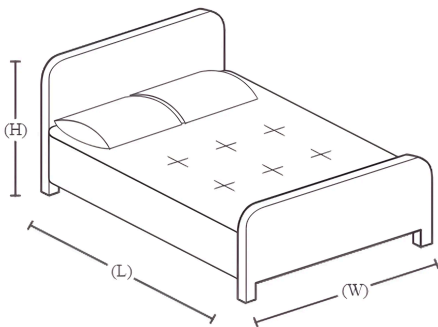

Product Information

Stacking Wooden Pair Of Single Bed Frames

Description

Maximise your space with our Pair of Stacking Oak Finish Wooden Single Bed Frames! Crafted from strong and eco-friendly rubberwood, this versatile design features two single beds that can be stacked or used independently. Need extra sleeping space for sleepovers? Simply unstack the beds for a comfortable double bed configuration. Looking to maximise floor space for playtime or study areas? Separate the beds for individual use. The warm Oak finish adds a touch of sophistication to any room, while the sturdy rubberwood construction ensures both safety and comfort for your child. Complete with all the necessary hardware for stacking and separating, the Stacking Oak Finish Wooden Single Bed Frames provides ultimate flexibility and space-saving functionality for your growing family. Both frames included in the price! The underbed will accommodate a mattress with a maximum height of 17cm.

Assembly Tips

Remove hardware from box and sort by size to check that all hardware and parts are present before assembling. Follow instructions below in the proper sequence to ensure fast, easy and correct assembly.

Warning

Do not fully tighten all bolts until all parts are in place.

Failure to follow this instruction may cause the bolts to be misaligned during the assembly

Note: During assembly, do not tighten any screws until the complete unit has been assembled.

Before you start

Thank you for purchasing this quality product. Be sure to check all packed material carefully for small parts which may have come loose inside the carton during shipment. Place all parts on a clean , smooth surface such as a rug or carpet to avoid scratching the parts. Be sure you have all the parts and hardware before you begin assembly.

1

Parts

A - Foot Post

4 piece(s)

B - Foot Post

4 piece(s)

C - Headboard and Footboard Panel

4 piece(s)

D - Side Rail

4 piece(s)

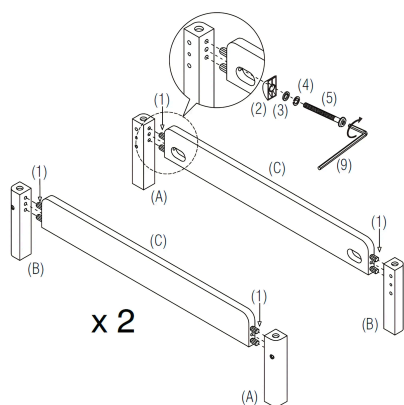

E - Set of Slats

2 piece(s)

Steps (4)

1. Assemble Headboards and Footboards

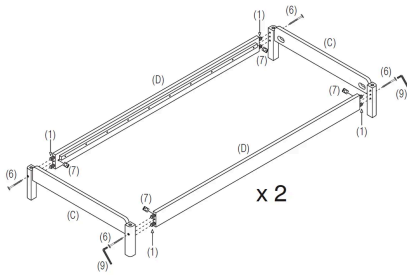

1. Insert Wood Dowels (1) into the designated holes on the Headboard and Footboard Panels (C).
2. Attach the Headboard and Footboard Panels (C) with the Foot Posts (A and B). Ensure the dowels fit into the corresponding holes.
3. Secure with hardware in the corresponding spaces. Insert a Half Moon Nut (2), a Flat Washer (3), a Split Lock Washer (4) and a JCBC Screw (5) as shown in the diagram. Tighten everything with a M4 Allen Key (9).

Follow the same steps to assemble all Headboards and Footboards.

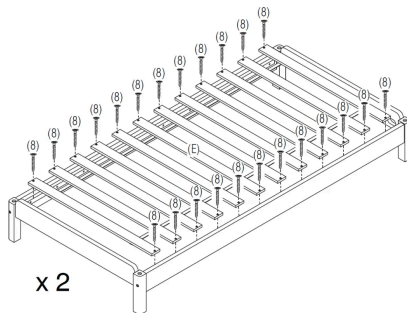

2. Assemble Bed Frame

1. Position the Headboard and Footboard upright.
2. Insert Wood Dowels (1) to the Side Rails (C) and attach them to the headboard and footboard.
3. Insert JCBC (6) through the aligned holes as shown on the diagram.
4. Fasten with a Barrel Nut (7).
5. Use the M4 Allen Key (9) to fully tighten the bolts.

Follow the same steps to assemble both bed frames.

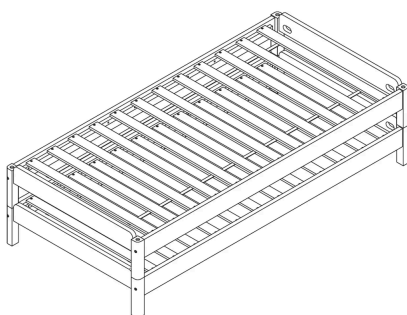

3. Attach the Slats

1. Place the Bed Slats (E) across the bed frame.
2. Secure each Slat using CSK Screw (8) as shown in the diagram.
3. Use a screwdriver to tighten each screw, ensuring the slats are firmly attached to the frame.

Follow the same steps to finish both beds.

4. Final Check and Stacking

- Verify that all slats are securely fastened and evenly spaced.
- Check for any loose connections and tighten the screws if necessary.
- To stack them place one bed on top of the other carefully.
