Always follow the manufacturer's instructions.

Important – Please read these instructions fully before starting assembly

- Check you have all the components and tools listed on pages 2 and 3.
- Remove all fittings from the plastic bags and separate them into their groups.
- Keep children and animals away from the work area, small parts could choke if swallowed.
- Parts of the assembly will be easier with 2 people.
- Keep hands clear of moving parts when changing the backrest position.
- Make sure you have enough space to layout the parts before starting.
- Assemble the item as close to its final position (in the same room) as possible.
- Assemble on a soft level surface to avoid damaging the unit or your floor.
- Dispose of all packaging carefully and responsibly.
- Place the product on flat and steady surface during use.
- Keep these instructions for future use.
- To ensure an easier assembly, we strongly advise that all fittings are only finger tightened during initial assembly. Only upon completion of the assembly should all fixing points be fully tightened.
- Periodically check that all fixings remain fully tightened.

Care and maintenance

- Safety: To avoid any risk of suffocation to animals or children dispose of the plastic bags immediately.
- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.
- Cleaning: As with all surfaces clean with a damp cloth and mild detergent, do not use bleach or abrasive products.
- From time to time check that there are no loose screws on this unit.
- The ventilation of the room is necessary in order to keep the humidity low and to prevent mould in and around the bed.
- This product should not be discarded with household waste. Take to your local authority waste disposal centre.

Cleaning Guidance

- Minor stains and spillages should be removed immediately from cushion fabric, by wiping over lightly with a damp cloth and mild soapy water.
- Light marking can also be removed using this method.
- To remove more stubborn stains or marking, a good quality proprietary domestic fabric cleaner can be used, although it should first be tested on an inconspicuous area of the fabric.
