

ASSEMBLY INSTRUCTION FOR 3-GLENEAGLE-L-AF-WSR-BW

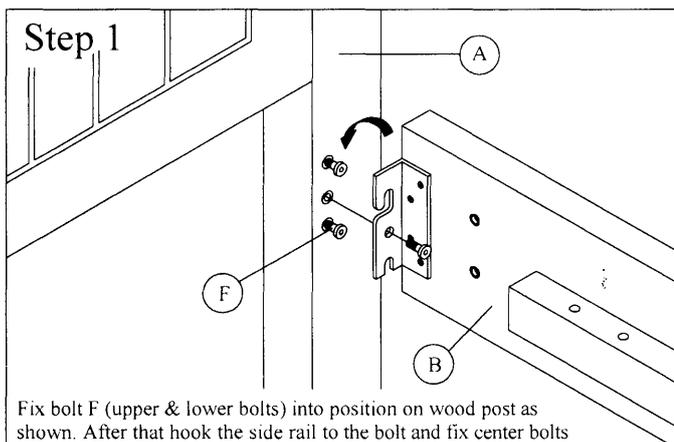

Note:

- Read Instructions carefully.
- Carefully identify each component especially those that are similar.
- Separate and identify each component from the hardware pack and rest each one in its proper location before fastening.

CAUTION

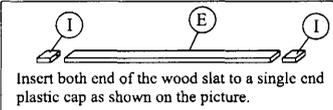

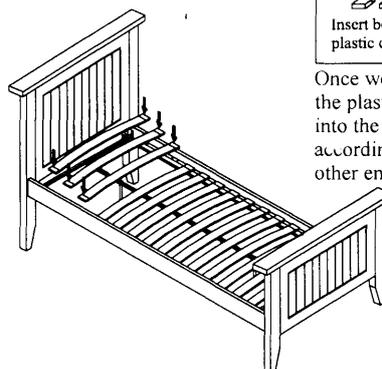

Do not over tighten the screws or bolts when assembling.

Step 1

Fix bolt F (upper & lower bolts) into position on wood post as shown. After that hook the side rail to the bolt and fix center bolts F as shown. Important note : Do not tighten the bolts yet!

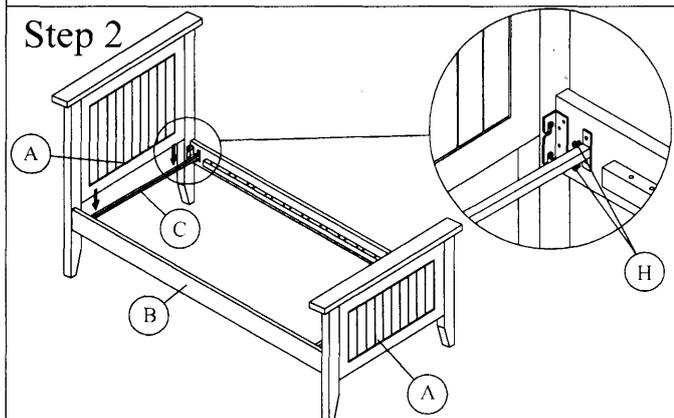

Step 5

Insert both end of the wood slat to a single end plastic cap as shown on the picture.

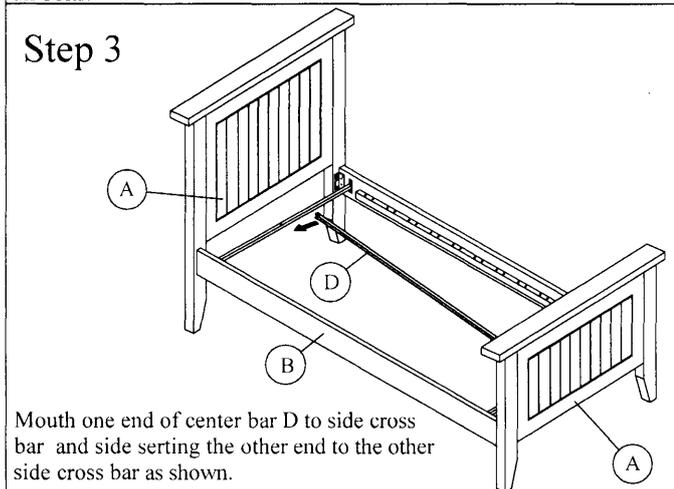

Once wood slats have been inserted into the plastic caps, fix one end of wood slat into the hole of side rail by pressing it accordingly to the default holes and the other end to the other side rail holes.

Ensure the plastic cap's pin aimed to the hole.

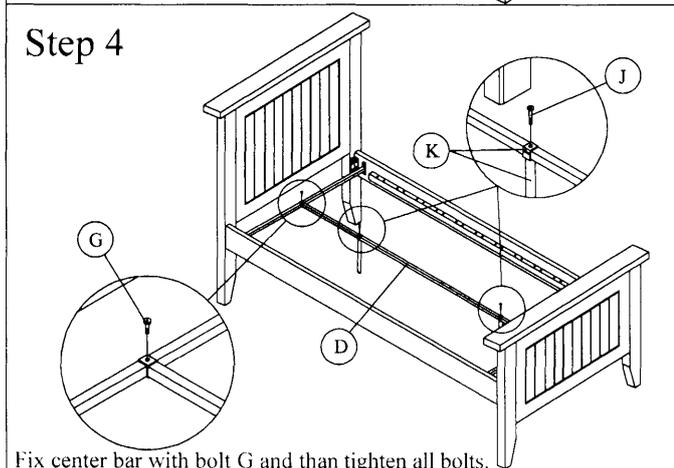

Step 2

Put in cross bars C and fix in bolt H as shown in diagram and tighten all bolts.

Step 3

Mouth one end of center bar D to side cross bar and side serting the other end to the other side cross bar as shown.

Step 4

Fix center bar with bolt G and then tighten all bolts.
