

Step-by-Step Assembly Instructions

Preparation before assembly

Please check the packing contents before assembling this product to ensure that all parts are included

This product takes about thirty minutes for two people to assemble

Please read Assembly Instruction completely before assembling the product

You will need a Phillips screwdriver to complete the assembly.

CAUTION: This product contains small parts that must be kept away from children

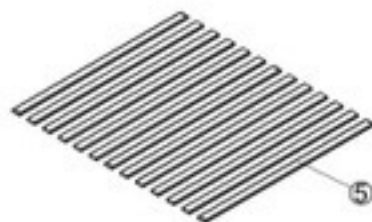

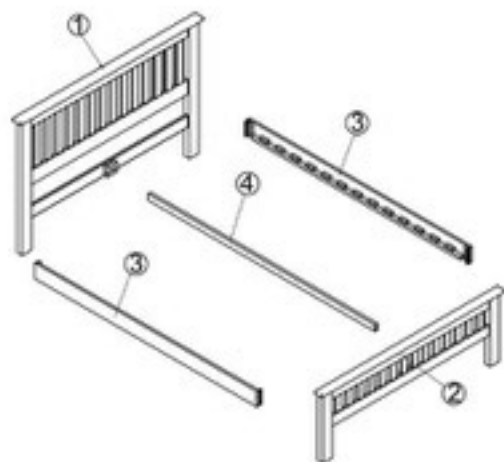

IMPORTANT SAFETY NOTES:

Some of the contents may have shifted in the carton. Please use caution when opening the carton.

Lift the carton to move it. Do not push the carton

Two people should lift the larger pieces. Do not attempt to move larger pieces alone.

Use only a hand screwdriver to assemble this bed. Do not use a mechanical or electrical screwdriver as the parts may be damaged.
